

1.

2.

Not like in the ~~case~~ of STA, when it was coming from IR

Good afternoon all,
There is a typo in the last page of the MBIST part 2 notes.
This should be "coming from IR" (not for IR)
Please note it while reading.

3. For Tools used, please refer to the project work details document.
There are some errors in the Overview of DFT topic tools used tabular column.
